

Rules for all BU and countries ( excepted for LM Ukraine, LM Brazil, LM Russia which have specific shipping marks)

**WITHOUT PALLET IN CONTAINER**

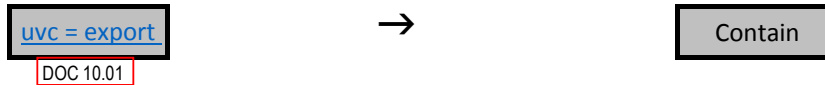

**Example 1** We have inner & master, so we have 2 different labels : inner (1) & master (2)

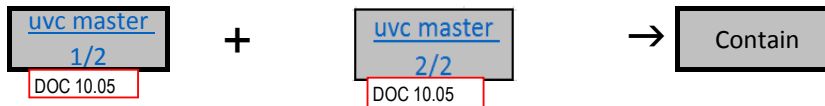

**Example 2** We haven't inner, we have only one label : Master carton( x2)

**Example 3** The UVC equal the export carton. We have 1 different label : product. All information must be present.

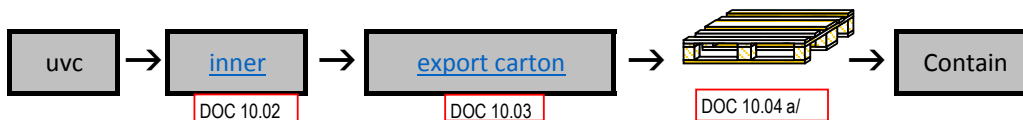

**Example 4** We have no inner, no master. But the product can not paking only in 1 master, but 2 or more. So each master of the part of product need a shipping mark

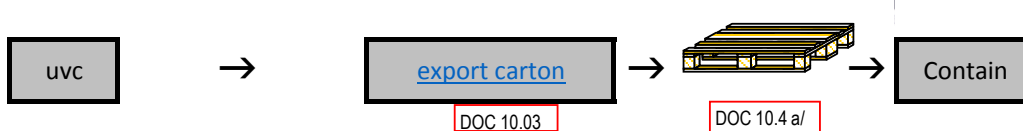

**WITH PALLET IN CONTAINER**

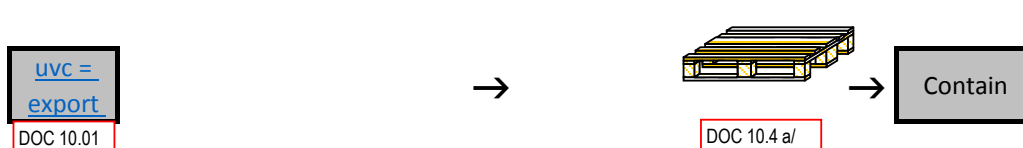

**Example 5** We have inner, master & pallet, so we have 3 different labels : inner (1) & master (2) & pallet (2)

**Example 6** We haven't inner, we have 2 different labels : master (2) & pallet (2)

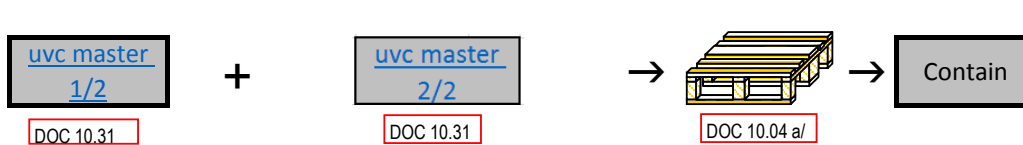

**Example 7** The UVC equal the export carton. We have 2 different labels : product(1) & pallet (2). All information must be present.

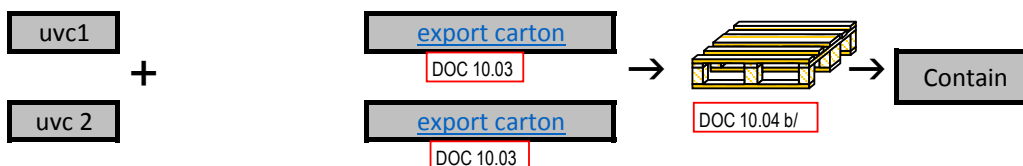

**THE PRODUCT NEED MORE THAN ONE EXPORT CARTON**

**Example 8** We have no inner, no master. But the product can not paking only in 1 master, but 2 or more. So each master of the part of product need a shipping mark

**MORE THAN ONE PRODUCT NEED on one pallet**

**Example 9** We have different products on one pallet. We have : the shipping mark for each inner, master/product, and a pallet specific shipping mark

Rules for all BU and countries ( excepted for LM Ukraine, LM Brazil, LM Russia which have specific shipping marks)

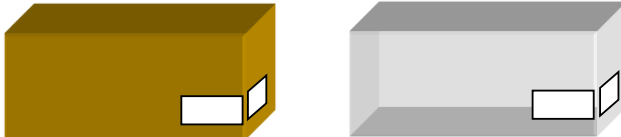

Location	on the product - 1 face
Label minimal	90 x 60 mm
Comments	this Shipping mark is only for the product without inner & master - shippment directly on pallet or containers
